

HOLIDAY FAIR

If an exhibitor displays products that have not been approved through the jurying process, Holiday Fair show management reserves the right as stated in Section 2 of the Prospectus, to move any exhibitor to the Christmas Bazaar (commercial & craft side of the hall). This relocation will be at show management's discretion and there will be no refund or space choices available to the exhibitor.

Failure to abide by the rules of the prospectus and the decision of the jury will result in the exhibitor's application as a crafter to be denied for future shows. Your booth space location is contingent on the jury process.
